Your exciting most timely opportunity to launch and grow into the booming vegan trend.

Why you ask?. Well, by example, the alternative vegan meat business is a massive industry, which is inevitably set to change the way we eat and improve our health. Plants are the go, not just the usual limited range of animal proteins. If you have doubt, study the 2016 share float of "Beyond Meat" which listed on the NYSE at \$46.00 and rocketed as an incredible investment to \$235.00 USD per share.

This established store trades ethically vetted product, with tailored helpful advice and a service culture which is much appreciated by many repeat customers. A growing number of clients, their friends and associates, are all learning and discovering facts about, much better health.

Our vendor wishes to sell to focus on family and an original profession, in the eastern states. Our vendor is willing and has decided to transition the less experienced buyer, without any undue rush or haste.

If you have considered a start up in this vital business space, this is adds incredible value. Consider the amount of work time and care applied, therefore saved, in website development, store presentation, staff training, and the build of supplier relationships as planned, for solid growth.

The business premises is larger than need be, however the owner anticipates the need for extra product and varieties in coming years. Most sales are generated in-store via a well presented retail shopfront. This provides a hands on practical experience, with extra sales derived online.

If you operate a wholesale food and beverage business and wish to flourish with a vegan range, and so compliment customer satisfaction, this business may well be, ideally suited.
